I can't blame you. ; ) Would be nice if it was already gathered. What we do ask the tribes to do is write a short narrative for their workplans which typically includes their previous GAP accomplishments. One way they might be able to easily send this information to you is to send that paragraph, assuming they have been inclusive and have actually put that information together.

You can also look up the grants online, although I did a quick search and it isn't bringing up all of their grants. Although you might have more time to play with the search functions. The benefit of this system is you get a description of what the grant was for.

Hi Jeff,  
EPA does not have this information easily accessible, and it is not our practice to collect this information for grantees who are working on grant applications. Please contact the environmental coordinators in the villages you are working with to gather this data.

Respectfully,  
Tami Fordham

Mr. Foster,

Do you have records on the IGAP funds that would show reporting of outputs and outcomes?

I have made and attached a table that I would use to concisely summarize such information.

Thank you.

Hi Jeff,  
I am sending you this information since you are the attorney representing these tribal governments and the information is being used in a good way.

I did a quick search and found out how long each tribe has had IGAP, that is included below. I also believe the contact information is mostly accurate. The tribal coordinator who works with them on IGAP is Westley Foster, so he would know if any of the contacts I have are out of date. I did not see any EJ grants to any of these tribes in our database. So, I think it is safe to say that they didn't ever directly receive EJ funds.

Curyung - IGAP since 2002 - Billy Maines - billy@curyungtribe.com  
Nondalton - IGAP since 2000 - Charlotte Balluta (Embedded image moved to file: pic23675.gif)  
New Stuyahok - IGAP since 2001 - Peter Gumlickpuk - (Embedded image moved to file: pic00917.gif)  
Koliganak - IGAP since 2000 - Grace Ishnook - gishnook@[REDACTED]  
Ekwok - IGAP since 1999 - Lorraine King (Embedded image moved to file: pic09387.gif)  
Levelock - IGAP since 2001 - Shirley Andrew - (Embedded image moved to file: pic15020.gif)

Thanks - Tami

Meant to also ask which have handled IGAP funds or EJ funds.

I am working with them on an EJ application.

Jeff

Tami,

Can you provide to me the names and contact information for the environmental coordinators for the Tribes of Nondalton, Koliganek, New Stuyahok, Ekwok, Curyung (Dillingham), and Levelock.

Thanks,

Jeff Parker
